

**NNC** präsentiert die neue Generation Biobank  
+10 bis – 160°C in allen Arbeitsbereichen

### **User / Customers:**

- Everything is finally integrated
- Finally a safe temperature
- Fully automated handling, perfect
- Finally we can focus on ours, focus on work. We are not Warehousemen.
- That seems the maximum security
- Mobility is sensational
- And much more.....

### **Competitor:**

- Congratulations
- Wow, that offers none at the moment

## **Statements about the system**

### **The project partners UKSH / EMB:**

- Congratulations !
- There is no such thing
- We look forward to the application of the system
